

# Terms and Conditions

## Introduction

Welcome to Sellence Predictions. Our platform is an educational tool designed to help you understand market dynamics and trading principles. By using our website and services, you agree to be bound by the following Terms and Conditions. Please be aware that this platform is for **educational purposes only**, not for trading or providing financial advice.

---

## 1. General Disclaimer and Educational Purpose

Sellence Predictions is strictly an educational platform. We are not a trading platform, a financial advisor, or a registered broker. Our goal is to provide AI-driven signals that help you study and understand how concepts like resistance and support work in intraday trading. The predictions and signals we provide are intended for **study purposes only**.

- We do not offer any guarantee or warranty regarding the accuracy or profitability of our predictions.
- Any and all trading decisions you make are based on your own judgment, financial situation, and risk tolerance.
- You are solely responsible for all outcomes, whether profitable or not, that result from your trading activities.

## 2. No Financial or Investment Advice

The information and predictions offered by Sellence Predictions do not constitute financial or investment advice. They are not a recommendation to buy, sell, or hold any financial instrument. The provided signals, including entry levels, target prices, and support/resistance zones, are for informational purposes only.

- Trading in financial markets, especially derivatives like Futures & Options (F&O), is extremely risky. You can lose more than your initial investment.
- We strongly recommend that you consult with a qualified financial advisor before making any investment decisions.

## 3. High Risk Associated with Intraday Trading

The Securities and Exchange Board of India (SEBI) has repeatedly warned retail traders about the significant risks of trading in the F&O segment. Data from SEBI shows that a high percentage of individual traders in this segment face substantial losses.

- **SEBI's Warning:** A SEBI study from FY23 and FY25 revealed that 9 out of 10 individual traders in the F&O segment incurred losses, with their collective losses exceeding ₹1 lakh crore in FY25.
- **Market Volatility:** Intraday trading is highly susceptible to sudden and unpredictable price swings. These movements can quickly wipe out capital.
- **Emotional and Psychological Risks:** The fast-paced nature of intraday trading can lead to emotional decisions driven by fear, greed, or the pressure to recover losses. This can result in poor strategies and heavy losses.

By using this platform, you acknowledge and accept these inherent risks. Sellence Predictions is not responsible for any losses incurred as a result of your trading activities.

#### 4. User Responsibility and Indemnification

You agree that your use of the Sellence Predictions platform is entirely at your own risk. You will not hold Sellence Predictions, its employees, or affiliates liable for any losses, damages, or claims that may arise from your reliance on the information provided on our platform. You agree to indemnify and hold us harmless from any such claims.

#### 5. Service and Payment

- **Core Offering:** Our service operates on a pay-per-prediction model, with each prediction costing ₹10.
- **Payments:** All payments are managed through a simple wallet system.
- **Promotions:** We offer a ₹500 free trial and a refer-and-earn program that gives both users ₹500. These offers are subject to specific terms and conditions.

#### 6. Intellectual Property

All content, including the AI engine, text, graphics, and logos on the Sellence Predictions website, is the exclusive intellectual property of Sellence and its partners. You are granted a limited, non-exclusive license to use the platform for your personal, educational use only. You are not permitted to copy, reproduce, distribute, or create derivative works from our content without our explicit written consent.

#### 7. Termination

We reserve the right to suspend or terminate your access to the platform at our sole discretion, with or without cause or notice, for any reason, including but not limited to a violation of these Terms and Conditions.

#### 8. Governing Law

These Terms and Conditions are governed by the laws of India. Any disputes or claims arising from your use of this platform will be subject to the exclusive jurisdiction of the courts in India.

By continuing to use Sellence Predictions, you confirm that you have read, understood, and agreed to these Terms and Conditions. If you do not agree to these terms, you should not use our platform.
